

★ Relationship b/w Internal & External Nodes

$$\deg(2) = 2$$

$$\deg(1) = 2$$

$$\deg(0) = 3$$

$$\deg(2) = 1$$

$$\deg(1) = 4$$

$$\deg(0) = 2$$

$$\begin{aligned} \deg(2) &= 3 \\ \deg(1) &= 5 \\ \deg(0) &= 4 \end{aligned}$$

Acc. to above diagram, we can see that
Relation b/w nodes of degree (2) & degree (0).

$$\boxed{n(\deg(0)) = n(\deg(2)) + 1}$$

$\downarrow$
 $e = i + 1$

→ Always true in
binary tree.
